Vancouver Landfill Closure Plan (Phase 1)

Completion of environmental control systems to effectively manage leachate, LFG, and settlement

- *Drainage layer test pad trial program testing recycled concrete vs crushed glass vs drainage gravel for optimal drainage and LFG collection*
- *Installation of geombrane landfill gas collection system*
- *Use of innovative biosolid subsoil cover*
- *Largest closure project in the history of the Vancouver Landfill*

Contact: Lynn Belanger (604) 940-3201

Total Projected Construction Budget :\$12,000,000
